

LAWRENCE LIVERMORE NATIONAL LABORATORY
GENERAL PROVISIONS FOR STANDARD RESEARCH SUBCONTRACTS
(Domestic Educational Institutions & Nonprofit Organizations)

CLAUSE 1 - SUBCONTRACTS WITH LLNS TEAM MEMBERS AND AFFILIATES

A. As used in this clause:

1. Team Member means any of the following entities: Bechtel National, Inc.; The Regents of the University of California; BWXT Government Group, Inc.; URS Corporation, an AECOM Company; Battelle Memorial Institute; GEM Technology International Corporation; Professional Project Services, Inc. (Pro2Serve); and Texas A&M University System.
2. Team Member Affiliate means any person or entity which is an affiliate of any Team Member. The term affiliate is defined at FAR 2.101.

B. Because of restrictions in the contract between DOE/NNSA and Lawrence Livermore National Security, LLC (hereinafter "LLNS") concerning the payment of fee or profit when subcontracting with any Team Member or any Team Member Affiliate, as well as Organizational Conflict of Interest concerns, neither the Subcontractor nor any tier of its lower tier subcontractors or suppliers may enter into a subcontract with any Team Member or any Team Member Affiliate to provide goods or services under this Subcontract without the advance written approval of the Contract Analyst.

C. The Subcontractor shall include the substance of this clause in all of its lower tier subcontracts and purchase orders.

CLAUSE 2 - PUBLICATIONS

A. The Subcontractor shall closely coordinate with the LLNS Technical Representative regarding any proposed scientific, technical or professional publication of the results of the work performed or any data developed under the Subcontract. The Subcontractor shall provide LLNS an opportunity to review any proposed manuscripts describing, in whole or in part, the results of the work performed or any data developed under the Subcontract at least 45 calendar days prior to their submission for publication. The LLNS Technical Representative will review the proposed publication and provide comments. A response shall be provided to the Subcontractor within 45 calendar days; otherwise, the Subcontractor may assume that LLNS has no comments. Subject to the *SECURITY REQUIREMENTS* clause of these GENERAL PROVISIONS, the Subcontractor agrees to address any concerns or issues identified by the LLNS Technical Representative prior to submission for publication. Four reprints of all resulting publications shall be furnished to the LLNS Technical Representative.

B. The Subcontractor may acknowledge LLNS, the LLNL, and Government sponsorship of the work as appropriate, provided the LLNS Contract Analyst is provided written notice thereof.

CLAUSE 3 – SCIENTIFIC INTEGRITY

The Subcontractor should follow DOE Order 411.2 including without limitation the following.

1. When expressing opinions on policy matters to the public and media, Subcontractor and its personnel must make it clear when they are expressing their personal views, rather than those of LLNS, the Department of Energy (DOE) or the U.S. Government.
2. The Subcontractor may not suppress or alter scientific or technological findings, nor intimidate or coerce its personnel, subcontractors, or others to alter or censor scientific or technological findings or conclusions. The Subcontractor must also not suppress or alter the social media posts of personnel that express scientific and technical opinions or related policy opinions.
3. The Subcontractor must provide its personnel an opportunity to review, prior to publication or release, any public communication that substantially relies on their research or is related under their name.
4. Subcontractor may not publicly represent LLNS, DOE, or the U.S. Government's position or policies without advance written approval from DOE.

CLAUSE 4- NOTICES

The Subcontractor shall immediately notify the LLNS Contract Analyst in writing of: (1) any third party action, including any proceeding before an administrative agency, filed against the Subcontractor arising out of the performance of the Subcontract; (2) any third party claim against the Subcontractor, the cost and expense of which may be allowable under the terms of the Subcontract; (3) any proceedings related to bankruptcy the Subcontractor enters into; and (4) any circumstances whatsoever that the Subcontractor becomes aware of during the performance of the Subcontract which may jeopardize its fulfillment of the agreed performance of all or any portion of the Subcontract.

CLAUSE 5- ASSIGNMENTS

LLNS may assign this Subcontract to the U.S. Government or its designee(s). Except as to assignment of payment due hereunder, the Subcontractor shall have no right to assign or mortgage this Subcontract or any part of it without the prior written approval of the LLNS Contract Analyst, except for subcontracts already identified in the Subcontractor's proposal.

CLAUSE 6- DISPUTES

A. Informal Resolution

1. The parties shall attempt to resolve any dispute in good faith, by direct, informal negotiations. All negotiations shall be confidential, unless otherwise required by law. Pending resolution of the dispute, the Subcontractor shall proceed diligently with the performance of this Subcontract, in accordance with its terms and conditions.
2. The parties, upon mutual agreement, may seek the assistance of a neutral third party to resolve any dispute, but they must agree to seek such assistance no later than 120 calendar days after the date of LLNS' receipt of a claim. If requested by both parties, the neutral third party may offer a non-binding opinion as to a possible settlement. All discussions with the neutral third party shall be confidential, unless otherwise required by law. The parties may also request the assistance of an established Ombuds Program, where available, or hire a mutually agreeable mediator, or ask the DOE/NNSA Office of Dispute Resolution to assist them in selecting a mutually agreeable mediator. The cost of mediation shall be shared equally by both parties.
3. In the event the parties are unable to resolve the dispute by using a neutral third party, Ombuds Program, or mediator, or decline to seek such assistance, LLNS will issue a written decision on the claim.

B. Formal Resolution

1. Unless prohibited by the State laws of either party, a dispute not resolved by informal resolution may be submitted to binding arbitration upon agreement of both parties. Any such arbitration shall be conducted by and in accordance with the Commercial Arbitration Rules of the American Arbitration Association (AAA), any decision shall be irrevocable, and the outcome of the arbitration shall be binding on all parties.
2. Each party to the arbitration shall pay its pro rata share of the arbitration fees, not including counsel fees or witness fees or other expenses incurred by the party for its own benefit.
3. Judgment on the award rendered by the arbitrator may be entered in any court having jurisdiction.

C. Litigation

If a dispute has not been resolved by informal resolution and arbitration is declined or is not available for the dispute, the parties may pursue litigation in any court of competent jurisdiction.

D. Governing Law

This Subcontract shall be interpreted and governed in accordance with all applicable federal and state laws and all applicable federal rules and regulations.

CLAUSE 7- RESPONSIBILITY FOR EXPORT CONTROLS

The parties understand that materials and information resulting from the performance of this Subcontract may be subject to export control laws and that each party is responsible for its own compliance with such laws.

CLAUSE 8 – SUSTAINABLE ACQUISITION

- A. In the performance of this Subcontract, the Seller shall utilize environmentally preferable products and services and recovered material as defined in 48 CFR 2.101 and 11.301 (i.e., products and services that have a lesser or reduced effect on human health and the environment, including those that are energy efficient (ENERGY STAR or FEMP-designated), water efficient, bio-based, environmentally preferable, EPEAT registered, non-ozone depleting, and less toxic) to the maximum extent possible without conflicting with the technical requirements of the Purchase Order or jeopardizing the intended end use of the Ordered Items or services to be furnished under this Purchase Order.
- B. To the extent practicable, the minimum content standard for high speed copier paper, offset paper forms bond, computer printout paper, carbonless paper, file folders, white woven envelopes, writing and office paper, book paper, cotton fiber paper, and cover stock used in performing this Purchase Order shall be no less than 30 percent post-consumer material.
- C. The Seller shall notify the LLNS Contract Analyst in writing if an "EPA-designated item", as defined in 48 CFR 23.401, used in performing this Purchase Order does not contain at least the percentage of recovered material required by any applicable specification of this Purchase Order. Such notice must include a detailed written justification for such failure, on the basis that the item is not available competitively within a reasonable time frame, does not meet appropriate performance standards, or is only available at an unreasonable price.

CLAUSE 9- COST ACCOUNTING STANDARDS (CAS) LIABILITY

(Applicable if the Subcontract is subject to full or modified CAS)

If the Subcontract is subject to either FAR 52.230-2 or FAR 52.230-6, notwithstanding the provisions of those clauses or of any other provision of the Subcontract, the Subcontractor shall be liable to the U.S. Government for any increased costs, and interest thereon, resulting from any failure of the Subcontractor or of a lower-tier subcontractor, with respect to activities carried on at the site of the work, to comply with applicable cost accounting standards or to follow any practices disclosed pursuant to the requirements of such clause.

CLAUSE 10- LIMITED RIGHTS DATA DISCLOSURE RESTRICTIONS

Generally, delivery of Limited Rights Data or Restricted Computer Software, as defined in FAR 52.227-14 (a), should not be necessary. However, only if Limited Rights Data will be used in meeting the delivery requirements of the Subcontract, the following disclosure and use restrictions shall apply to and shall be inserted in, any FAR 52.227-14 Limited Rights Notice on any Limited Rights Data furnished or delivered by the Subcontractor or a lower-tier:

- A. This "Limited Rights Data" may be disclosed for evaluation purposes under the restriction that the "Limited Rights Data" be retained in confidence and not be further disclosed;
- B. This "Limited Rights Data" may be disclosed to other contractors participating in the Government's program of which this Subcontract is a part for information or use in connection with the work performed under their contracts and under the restriction that the "Limited Rights Data" be retained in confidence and not be further disclosed; and
- C. This "Limited Rights Data" may be used by the Government or others on its behalf for emergency repair or overhaul work under the restriction that the "Limited Rights Data" be retained in confidence and not be further disclosed.

CLAUSE 11- RETENTION OF RECORDS

All records in the possession of the Subcontractor related to this Subcontract, including all financial and cost reports, books of account and supporting documents, system files, data bases, and other data evidencing costs allowable, collections accruing to the Subcontractor in connection with the work under this Subcontract, other applicable credits, and fee accruals under this Subcontract, shall be preserved by the Subcontractor for a period of six years after final payment under this Subcontract or otherwise disposed of in such manner as may be agreed upon by LLNS and the Subcontractor.

CLAUSE 12- ORDER OF PRECEDENCE

The parties shall resolve any inconsistencies in the documents comprising the Subcontract by giving precedence in the following order: (a) the Subcontract Signature Page and Schedule of Articles; (b) these GENERAL PROVISIONS; (c) other referenced documents, exhibits, and attachments; and (d) any referenced specification or statement of work.

CLAUSE 13- SECURITY REQUIREMENTS

- A. This Subcontract is intended for unclassified, publicly releasable research or development work. LLNS does not expect that results of the research project will involve classified information or Unclassified Controlled Nuclear Information (UCNI) (See 10 CFR part 1017). However, LLNS may review the work generated under this Subcontract at any time to determine if it requires classification or control as UCNI.
- B. If, subsequent to the date of this Subcontract, a review reveals that classified information or UCNI is being or may be generated under this Subcontract, then the Subcontractor shall use its best efforts to protect the information, and LLNS may direct a change to the security requirements of this Subcontract. If such changes cause an increase or decrease in costs or otherwise affect any other term or condition of this Subcontract, the Subcontract shall be subject to an equitable adjustment as if the changes were directed under the *CHANGES* clause of this Subcontract.
- C. If the security requirements are changed, the Subcontractor shall exert every reasonable effort compatible with its established policies to continue the performance of work under the Subcontract in compliance with the change in the security requirements. If the Subcontractor determines that continuation of the work under this Subcontract is not practicable because of the change in security requirements, the Subcontractor shall notify the LLNS Contract Analyst in writing. Until the LLNS Contract Analyst provides direction, the Subcontractor shall protect the material as directed by LLNS.
- D. After receiving the written notification, the LLNS Contract Analyst shall explore the circumstances surrounding the proposed change in security requirements and shall endeavor to work out a mutually satisfactory method to allow the Subcontractor to continue performance of work under this Subcontract.
- E. Within 15 business days of receiving the written notification of the Subcontractor's stated inability to proceed, the LLNS Contract Analyst must determine whether (1) these security requirements do not apply to this Subcontract, or (2) a mutually satisfactory method for continuing performance of work under this Subcontract can be agreed upon. If this determination is not made, the Subcontractor may request the LLNS Contract Analyst to terminate the Subcontract in whole or in part. The LLNS Contract Analyst shall terminate the Subcontract in whole or in part, as may be appropriate, and the termination

shall be deemed a termination under the terms of the *TERMINATION FOR THE CONVENIENCE OF THE GOVERNMENT* clause.

CLAUSE 14- REPORTING FRAUD, WASTE, ABUSE AND OTHER SIGNIFICANT PROBLEMS

This Subcontract shall be subject to the Department of Energy Orders DOE O 221.1A, *Reporting Fraud, Waste and Abuse to the Office of Inspector General* and DOE O 221.2A, *Cooperation with the Office of Inspector General*. The Subcontractor shall encourage, support and require its employees to report any fraud, waste and abuse to an appropriate authority such as the DOE Office of the Inspector General. The Subcontractor shall require its employees to provide interviews and briefings and provide affidavits or sworn statements if required by an employee of the Office of Inspector General. The Subcontractor shall not retaliate against such employees.

CLAUSE 15- LAWS AND REGULATIONS

The Subcontractor shall comply with all applicable State and Federal laws, ordinances, statutes, codes, rules, and regulations, including, but not limited to, those relating to wages, hours, employment discrimination, immigration, safety (including those pertaining to worker safety and health), export control, and environmental protection.

CLAUSE 16- NON-WAIVER OF DEFAULT

Any failure by LLNS to strictly enforce performance of any of the terms or conditions of this Subcontract does not constitute a waiver of such terms or conditions and does not affect or impair such terms or conditions in any way nor the right of LLNS to avail itself of such remedies for any breach or breaches of such terms or conditions.
