Any alterations made to the documents comprising this Purchase Order or any conditions imposed by the Seller upon its written acceptance of this Purchase Order are not acceptable and constitute a proposal for modification of the Purchase Order only and have no effect on the validity or the Seller's acceptance of this Purchase Order and its Terms and Conditions, anything to the contrary notwithstanding. Except as expressly accepted in writing by an authorized LLNS Contract Analyst, no term or condition found on any of Seller's forms shall constitute a part of this Purchase Order.

A. As used in this clause:
1. Team Member includes the entities identified at https://www.llnsllc.com.
2. Team Member Affiliate means any person or entity which is an affiliate of any Team Member. The term affiliate is defined at FAR 2.101.

B. C. The Seller shall include the substance of this clause in all of its lower tier subcontracts and purchase orders.

CLAUSE 5 - SHIPMENTS FOR LLNS' ACCOUNT

Except as otherwise provided in the Purchase Order, all shipments by the Seller for LLNS' account shall be: (1) shipped F.O.B. Destination (as defined in FAR 47.303) and marked as shipped "For the U. The Seller’s invoices must reference the Purchase Order Number and include a complete description of the Ordered Items, prices, ship dates, and the name of the LLNS Contract Analyst. Failure to comply with any of these requirements may result in a delay in payment of the invoices, for which LLNS will not be responsible for paying any late fees or interest.

B. The Seller acknowledges under penalty of law that when the Seller submits an invoice to LLNS for payment that the Seller expects that the invoice will be paid by LLNS, and that LLNS will be reimbursed by the Federal Government through the U.S. Department of Energy. Therefore, based on personal knowledge and good faith belief, the Seller certifies that invoices will be truthful and accurate, and that the costs and charges set forth in the invoices submitted to LLNS will be necessary for such matters contemplated pursuant to this Purchase Order.

C. LLNS will make payment for Ordered Items delivered to the specified delivery destination, and for services completed, and accepted by LLNS. Unless otherwise provided in the Purchase Order, the terms of payment are 30 business days after receipt of the Seller's properly submitted invoice. LLNS will take any offered discount if payment is made within the discount period indicated by the Seller. LLNS may make payments by check or electronic funds transfer. Payment is deemed to have been made as of the date of mailing or the date on which an electronic funds transfer was made.

CLAUSE 8- RESPONSIBILITY FOR EXPORT CONTROLS
A. The Seller shall comply with all applicable U.S. export control laws and regulations in the performance of this Purchase Order and the distribution and use of resulting work products. The Seller shall be responsible for obtaining the appropriate licenses or other approvals for exports of commodities, technology, and software, unless an exemption or exception applies. The Seller shall also be responsible for obtaining the appropriate licenses or other approvals before utilizing a foreign person or entity in the performance of this Purchase Order, including instances where the work is to be performed at the LLNL, where the foreign person or entity will have access to any information, technology, or software subject to export control.

B. LLNS complies with all applicable United States Government export control laws and regulations and shall not use or transfer technology and/or items procured from the Seller in contravention of such laws and regulations. All goods that LLNS procures under the Prime Contract belongs to DOE/NNSA and the United States Government. The goods being procured under this Purchase Order are intended for use in support of the Prime Contract with DOE for the purposes of meeting LLNS’ national security mission for NNSA. This clause serves as notice of LLNS’ mission and export control compliance and shall be considered an appropriate end-user statement to the Seller for export controls and compliance purposes. The Seller shall not request a representative of LLNS to provide any additional end-use statements or certifications relative to the goods procured under this Purchase Order.

C. The Seller shall ensure that the provisions of this clause apply to its subcontractors.

CLAUSE 9- SUSTAINABLE ACQUISITION
A. In the performance of the Purchase Order the Seller shall utilize environmentally preferable products and services and recovered material as defined in 48 CFR 2.101 and 11.301, i.e., products and services that have a lesser or reduced effect on human health and the environment, including those that are energy efficient (ENERGY STAR or FEMP-designated), water efficient, bio-based, environmentally preferable, EPEAT registered, non-ozone depleting, and less toxic, to the maximum extent possible without conflicting with the technical requirements of the Purchase Order or jeopardizing the intended end use of the Ordered Items or services to be furnished under this Purchase Order.

C. The Seller shall notify the LLNS Contract Analyst in writing if an “EPA-designated item,” as defined in 48 CFR 23.401, used in performing this Purchase Order does not contain at least the percentage of recovered material required by any applicable specification of this Purchase Order. Such notice must include a detailed written justification for such failure, on the basis that the item is not available competitively within a reasonable time frame, does not meet appropriate performance standards, or is only available at an unreasonable price.

CLAUSE 10- INSPECTION
A. Prior to delivery and upon reasonable advance notice, LLNS or a qualified third party may perform a preliminary inspection of the Ordered Items at the Seller’s or lower-tier subcontractor facilities during design, fabrication, assembly or testing in
If costs are a factor in determining any price adjustment pursuant to a change made to this Purchase Order, such costs shall be made only by the written agreement of the parties.

CLAUSE 12- PRICING OF ADJUSTMENTS
If costs are a factor in determining any price adjustment pursuant to a change made to this Purchase Order, such costs shall be in accordance with the contract cost principles and procedures in Part 31 of the Federal Acquisition Regulation (48 CFR Part 31), as supplemented by DEAR Part 931 (48 CFR Part 931) in effect as of the date of award of this Purchase Order. LLNS reserves the right to inspect the Seller's records to verify that such price adjustments conform to these requirements. The review may be performed by LLNS personnel or a designee.

CLAUSE 13- QUALITY OF ORDERED ITEMS

A. The Ordered Item(s), including any materials and supplies furnished or used by the Seller in the performance of any services, shall as a minimum: (1) conform to the requirements of this Purchase Order and be as warranted; (2) be new and not be of such age or so deteriorated as to impair their usefulness or safety; and (3) not contain any counterfeit/suspect items. The Seller shall not furnish reconditioned Ordered Items unless specified in the Purchase Order or approved in writing by the LLNS Contract Analyst. The Seller shall warrant any reconditioned Ordered Items the same as new items.

B. LLNS will not accept any Ordered Items, including any services involving the furnishing or use of materials or supplies, found by LLNS to not meet the minimum requirements of paragraph A, above; to be reconditioned; or to constitute suspect/counterfeit items, notwithstanding any inspection or acceptance of delivery by LLNS, unless such condition is specifically approved in writing by the LLNS Contract Analyst. The Seller shall promptly replace such items at its expense with conforming items.

C. LLNS will impound any suspect/counterfeit items furnished or used under this Purchase Order and may provide such items to the appropriate authorities for investigation. LLNS reserves the right to withhold payment for the suspect/counterfeit items pending the results of any such investigation.

D. An item is suspect when inspection or testing indicates that it may not conform to established Government or industry-accepted specifications or national consensus standards or whose documentation, appearance, performance, material, or other characteristics may have been misrepresented by the vendor, supplier, distributor, or manufacturer. A counterfeit item is one that has been copied or substituted without legal right or authority or whose material, performance, or characteristics have been misrepresented by the vendor, supplier, distributor, or manufacturer. Types of known suspect or counterfeit items include, but are not limited to: fasteners, circuit breakers, valves, piping components, electrical devices, plate, bar, shapes, and channel members. Such items may be falsely labeled as a different class of part or be used or refurbished parts that are falsely represented as new parts.
E. Under its DOE Prime Contract, LLNS is required to notify its Contracting Officer and submit a report to the Government-Industry Data Exchange Program (GIDEP) of any suspect/counterfeit items or common items that have major or critical nonconformance as required by FAR 52.246-26, Reporting Nonconforming Items.

CLAUSE 14- WARRANTY
The Seller warrants that the Ordered Items and services furnished under this Purchase Order shall be: (1) free from defects in workmanship, material, and Seller's design or engineering contributions; and (2) of the most suitable grade and exactly as specified in the descriptions and specifications of this Purchase Order and the affirmations and promises made by the Seller in its proposal. The Seller further warrants that the data and documentation provided by the Seller or its suppliers shall be complete and accurate, and may be relied upon by LLNS.

The Seller shall correct any nonconformance with this warranty discovered within one year after formal acceptance or initial use of the supplies and services. Such corrective action shall be at the Seller's expense, including any related transportation costs. The limited warranty period shall not apply in the case of latent defects, specific failure to comply with the terms of this Purchase Order, or fraud or such gross mistakes as amount to fraud.

CLAUSE 15- LAWS AND REGULATIONS
The Seller shall ensure Ordered Items are designed, produced, sold, and delivered in accordance with all applicable laws, rules, regulations, and executive orders, including, but not limited to, those relating to wages, hours, employment discrimination, immigration, and safety (including those pertaining to worker safety and health), export control, and environmental protection. The Seller shall ensure the provisions of this clause apply to its subcontractors.

CLAUSE 16 – SCIENTIFIC INTEGRITY
The Seller shall follow all applicable parts of DOE Order 411.2 including without limitation the following:

1. When expressing opinions on policy matters to the public and media, Seller and its personnel must make it clear when they are expressing their personal views, rather than those of LLNS, the Department of Energy (DOE) or the U.S. Government.

2. The Seller may not suppress or alter scientific or technological findings, nor intimidate or coerce its personnel, subcontractors, or others to alter or censor scientific or technological findings or conclusions. The Seller must also not suppress or alter the social media posts of personnel that express scientific and technical opinions or related policy opinions.

3. The Seller must provide its personnel an opportunity to review, prior to publication or release, any public communication that substantially relies on their research or is related under their name.

4. Seller may not publicly represent LLNS, DOE, or the U.S. Government’s position or policies without advance written approval from DOE.

CLAUSE 17- USE AND RELEASE RESTRICTIONS FOR PROTECTED INFORMATION
A. The Seller shall not reference LLNS in any news releases, advertisements, marketing materials, websites, or any other public releases of information which either states or implies that LLNS is Seller’s customer, or that LLNS endorses, is affiliated with, or sponsors the Seller or its products/services.

B. While in the performance of this Purchase Order, the Seller may be exposed to information that qualifies as confidential, proprietary or business sensitive, Official Use Only, Export Controlled, Unclassified Controlled Information (UCI), Unclassified Nuclear Controlled Information (UCNI) as well as Personally Identifiable Information (PII) defined as information that is associated with any individual (who is an employee, independent contractor, visitor or guest at LLNL), collectively referred to herein as “Protected Information.”

C. In the event the Seller receives or is exposed to Protected Information in performance of this Purchase Order, the Seller shall: (1) safeguard Protected Information in accordance with the appropriate procedures applicable to the type of Protected Information that are designed to protect against any unauthorized use, publication or disclosure of such Protected Information, (2) restrict access to such Protected Information to only those individuals or entities needing such access to perform as required under this Purchase Order, (3) refrain from using Protected Information except for the purposes for which such information was originally disclosed, (4) encrypt any electronic information when at rest in accordance with Federal Information Processing Standard (FIPS) 140-2 Level 2 or higher, (5) provide immediate written notice to the LLNS Contract Analyst in the event of any unauthorized use, publication, or disclosure of Protected Information, and (6) provide assistance with any investigation and mitigation of harm.

D. The Seller agrees, upon cancellation, expiration, or earlier termination of this Purchase Order, or upon the written request of LLNS, whichever is earlier, to promptly deliver to LLNS (or, at LLNS’ option, to destroy) all tangible or electronic copies of the Protected Information described above which is in the possession of Seller at the time of the cancellation, expiration or earlier termination. Notwithstanding the foregoing, the Seller’s obligations with respect to Protected...
Information shall continue in full force and effect and survive the cancellation, expiration, or earlier termination of this Purchase Order for as long as the information in question is protected.

E. This Clause does not amend or otherwise modify in any manner the rights and responsibilities of LLNS and/or the Seller as otherwise provided in FAR 52.227-14, or as otherwise required for the type of information in question.

F. Subject to Sub-section E above, to the extent that Seller is otherwise required or requested to provide LLNS with information incidental to: (1) contract administration, such as financial, administrative, cost or pricing, or management information, or (2) subcontract performance, such as through site visits to inspect its facility, or production/manufacturing techniques, which Seller believes is confidential/proprietary (collectively, “Seller Proprietary Information”), LLNS will maintain such Seller Proprietary Information in confidence, giving it the same degree of care, but no less than a reasonable degree of care, as LLNS exercises with its own proprietary information to prevent its unauthorized disclosure or misuse. Seller agrees that: (a) for tangible forms of information which it provides to LLNS, Seller shall mark all such documents/records which embody the information as “Proprietary Information,” or use some similar legend; and (b) for intangible forms of information which it provides to the LLNS, the Seller shall identify at the time of initial disclosure that the Seller believes that such information qualifies as Seller Proprietary Information, and then confirm, in writing, within thirty (30) days of initial disclosure that the information disclosed in intangible form was Seller Proprietary Information under this Purchase Order. LLNS may provide such Seller Proprietary Information to its own employees, agents, consultants or subcontractors, and to any other individuals who are assisting LLNS with the Purchase Order; provided that such individuals are under a duty of confidence applicable to Seller Proprietary Information disclosed to them. LLNS may also disclose Seller Proprietary Information to: (A) Government employees who are subject to the statutory provisions against unauthorized disclosure of Seller Proprietary Information set forth in the Trade Secrets Act (18 USC 1905), or (B) if required to do so under legal process, provided that the Seller has sufficient notice and is afforded a reasonable opportunity to seek a protective order or otherwise prevent disclosure. Notwithstanding the foregoing, the term “Seller Proprietary Information” shall not include any information that is: (i) already lawfully in the possession of or known to the recipient as of the date such information is received, but without any obligation of LLNS or those acting on its behalf to keep and maintain such information in confidence; (ii) already in the public domain at the time of disclosure, or which, after such disclosure, enters into the public domain through no fault of LLNS or those acting on its behalf; (iii) lawfully furnished or disclosed to LLNS or those working on its behalf without any obligation of confidentiality and through no wrongful act of LLNS; or (iv) independently developed by LLNS or those working on its behalf without the use of Seller Proprietary Information.

G. This Clause governs the use and disclosure obligations related to Protected Information disclosed between the Seller and LLNS after the effective date of this Purchase Order. To the extent that prior to the effective date of this Purchase Order, the Seller and LLNS have entered into a Non-Disclosure Agreement (NDA) (or similar document), this Clause shall supersede and replace such NDA for purposes of governing Protected Information used and/or disclosed between the parties of this Purchase Order after the effective date of the Purchase Order as applicable to performance under the Purchase Order.

H. Nothing in this Clause is intended to prevent Seller’s employees from disclosing proprietary/confidential information to report fraud, waste, or abuse to a designated investigative or law enforcement representative of a Federal department or agency authorized to receive such information. To the extent that prior contracts with LLNS prohibited Seller’s employees from disclosing proprietary/confidential information to report, fraud, waste or abuse to designated investigative or law enforcement representations of a Federal department or agency authorized to receive such information, such prior contracts are no longer in effect, but only to the extent that they prohibited Seller’s employees from making such disclosures to the designated officials.

CLAUSE 18- TAX ASSESSMENT NOTIFICATION
The Seller shall notify LLNS of any State, provincial, or local law tax, fee, or charge levied or purported to be levied on or collected from the Seller in connection with this Purchase Order for which an exemption is claimed by LLNS or concerning which the Seller has reason to believe or LLNS has advised the Seller that such tax, fee, or charge is or may be inapplicable or invalid. The Seller shall refrain from paying any such tax, fee, or charge unless otherwise authorized by LLNS and to take such steps as may be required by LLNS to cause such tax, fee, or charge to be paid under protest and, if so directed by LLNS, to cause to be assigned to LLNS or its designee any and all rights to the abatement or refund of any such tax, fee, or charge, and to permit LLNS or its designee to join with the Seller in any proceedings for the recovery thereof or to sue for recovery in the Seller's name.

CLAUSE 19- ASSIGNMENTS
A. LLNS may assign this Purchase Order to the Government or its designee(s).
B. Except as to assignment of payment due hereunder, the Seller has no right, power, or authority to sell, mortgage, transfer, or assign this Purchase Order, any portion hereof, any interest herein, or any claim hereunder, nor allow or permit any other party or parties to have any interest in or use any part of the rights or obligations granted hereunder for any purpose whatsoever without the prior written consent of LLNS.

CLAUSE 20- DISPUTES
A. All disputes arising under or otherwise relating to this Purchase Order shall be resolved under this clause; however, nothing in this clause is intended to prohibit empowered representatives of either party from informally discussing with the other any matters arising from the performance of this Purchase Order. Notwithstanding any provision in this Purchase Order, the Seller shall proceed diligently with performance of this Purchase Order, pending final resolution of any dispute hereunder.

B. To help resolve disputes in the most efficient and cost-effective process possible, all disputes arising under or otherwise relating to this Purchase Order must proceed through the following stages of dispute resolution:
1. Stage 1: If either party believes that the other is or will not be able to perform as required under this Purchase Order, it may raise such concern with the other party at any time. If the dispute is not resolved after thirty (30) calendar days of first being raised, then either party may escalate the matter to Stage 2.
2. Stage 2: Under Stage 2, the matter is elevated to the respective management of both parties for resolution. LLNS will elevate the matter to its Department Head for Supply Chain Management and the other party will elevate the matter to its equivalent or higher. Management of both parties will have thirty (30) calendar days to resolve the matter or to mutually agree upon a plan to resolve the matter. If the parties’ respective managements cannot agree on a resolution of the matter, either party may further escalate the matter to Stage 3.
3. Stage 3: Under Stage 3, the parties agree to mediate the dispute as a pre-condition to either party initiating litigation. Either party may initiate mediation by delivering written notice to the other party. Both parties shall attend and participate in the mediation in good faith. Unless both parties agree otherwise, the mediation shall be conducted by a JAMS mediator in the San Francisco Bay area and shall be conducted in accordance with the JAMS mediation procedures then in effect. The costs of the mediation shall be shared equally by the parties.
4. Stage 4: In the event that a dispute is not resolved through the mediation conducted pursuant to Stage 3, then either party may provide written notice that the mediation is terminated and it intends to pursue litigation pursuant to the GOVERNING LAW AND VENUE clause of these GENERAL PROVISIONS. Neither party can initiate litigation until fifteen (15) calendar days have passed after delivery of the notice of the termination of the mediation.

CLAUSE 21- EXCUSABLE DELAYS
The Seller will be liable for default unless non-performance is caused by an occurrence beyond the reasonable control of the Seller and without its fault or negligence, such as acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, flood, epidemics quarantine, restrictions, strikes, unusually severe weather, and delays of common carriers. The Seller shall notify LLNS in writing as soon as reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith; shall remedy such occurrence with all reasonable dispatch; and promptly notify LLNS in writing of the cessation of such occurrence. Failure of the Seller to provide such written notice shall constitute a waiver of the Seller subsequently being able to raise an excusable delay as an excuse for failure to perform as otherwise provided in the Purchase Order.

CLAUSE 22- NON-WAIVER OF DEFAULT
Any failure by either party to strictly enforce performance of any of the terms or conditions of this Purchase Order does not constitute a waiver of such terms or conditions and does not affect or impair such terms or conditions in any way nor the right of either party to avail itself of such remedies for any breach or breaches of such terms or conditions.

The FAR and DEAR clauses listed below are incorporated by reference as a part of these GENERAL PROVISIONS with the same force and effect as if they were set forth herein in full text, and apply as prescribed below. The referenced FAR and DEAR clauses are respectively located in Title 48, Chapters 1 and 9 of the Code of Federal Regulations.
